# Additional Module - Equipment Booking Module

Equipment is one of bookable resource in Bookings ONE. It has no location as mobile equipment. User can reserve it with room and hot desk booking

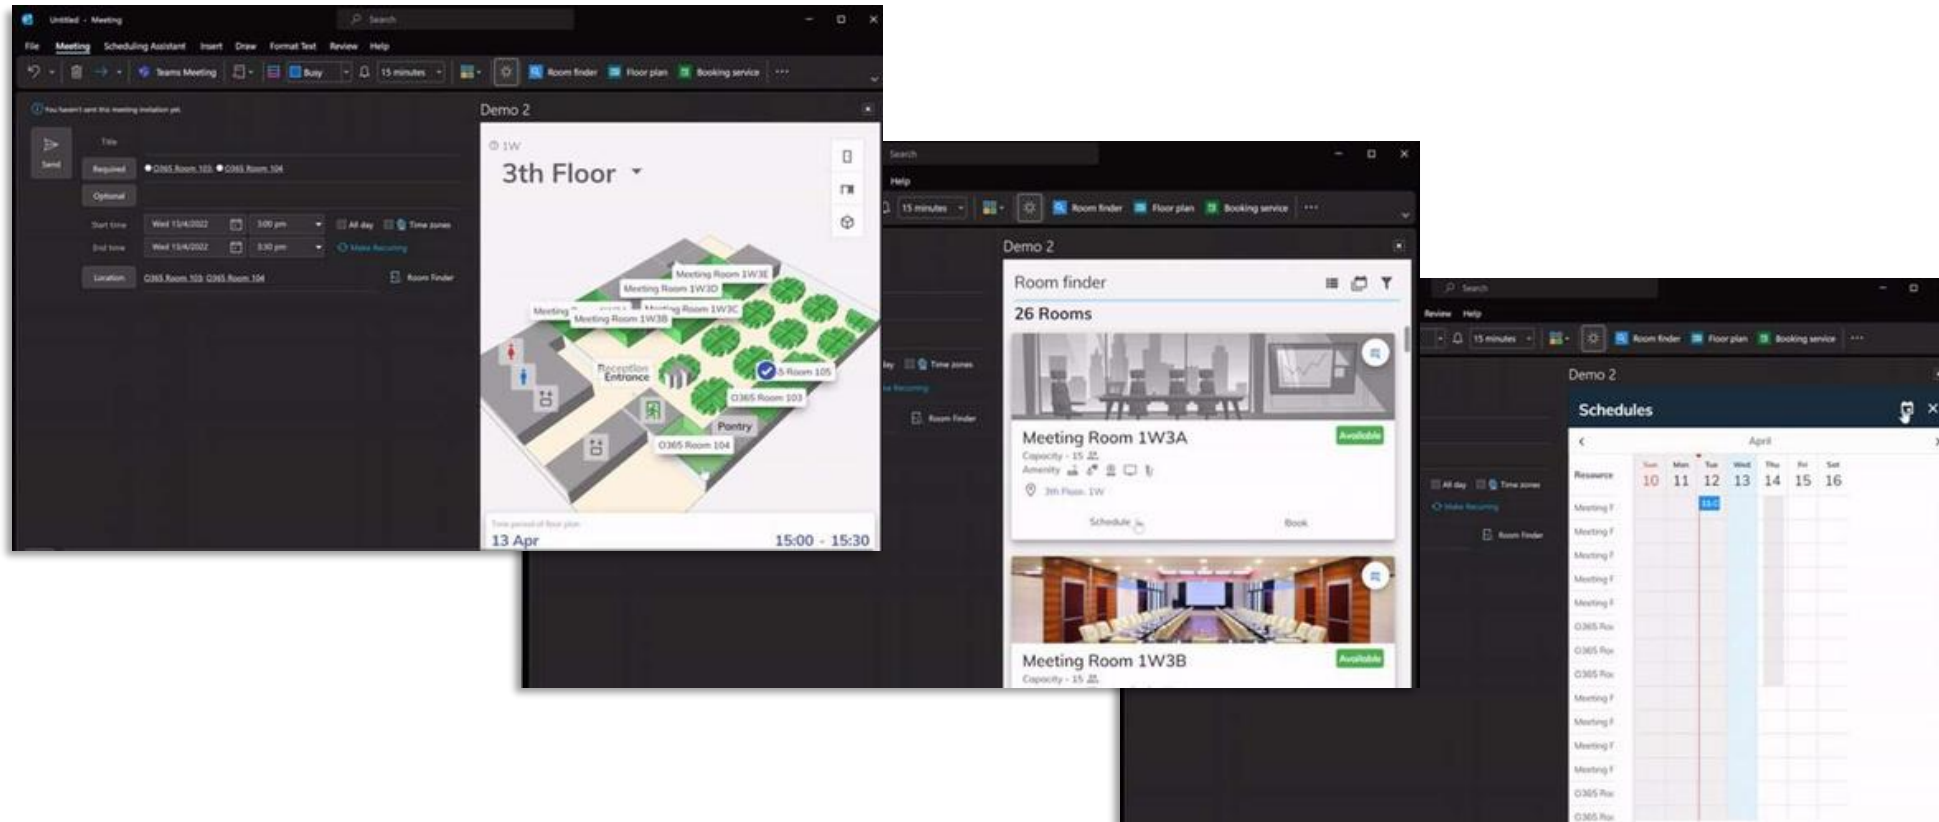

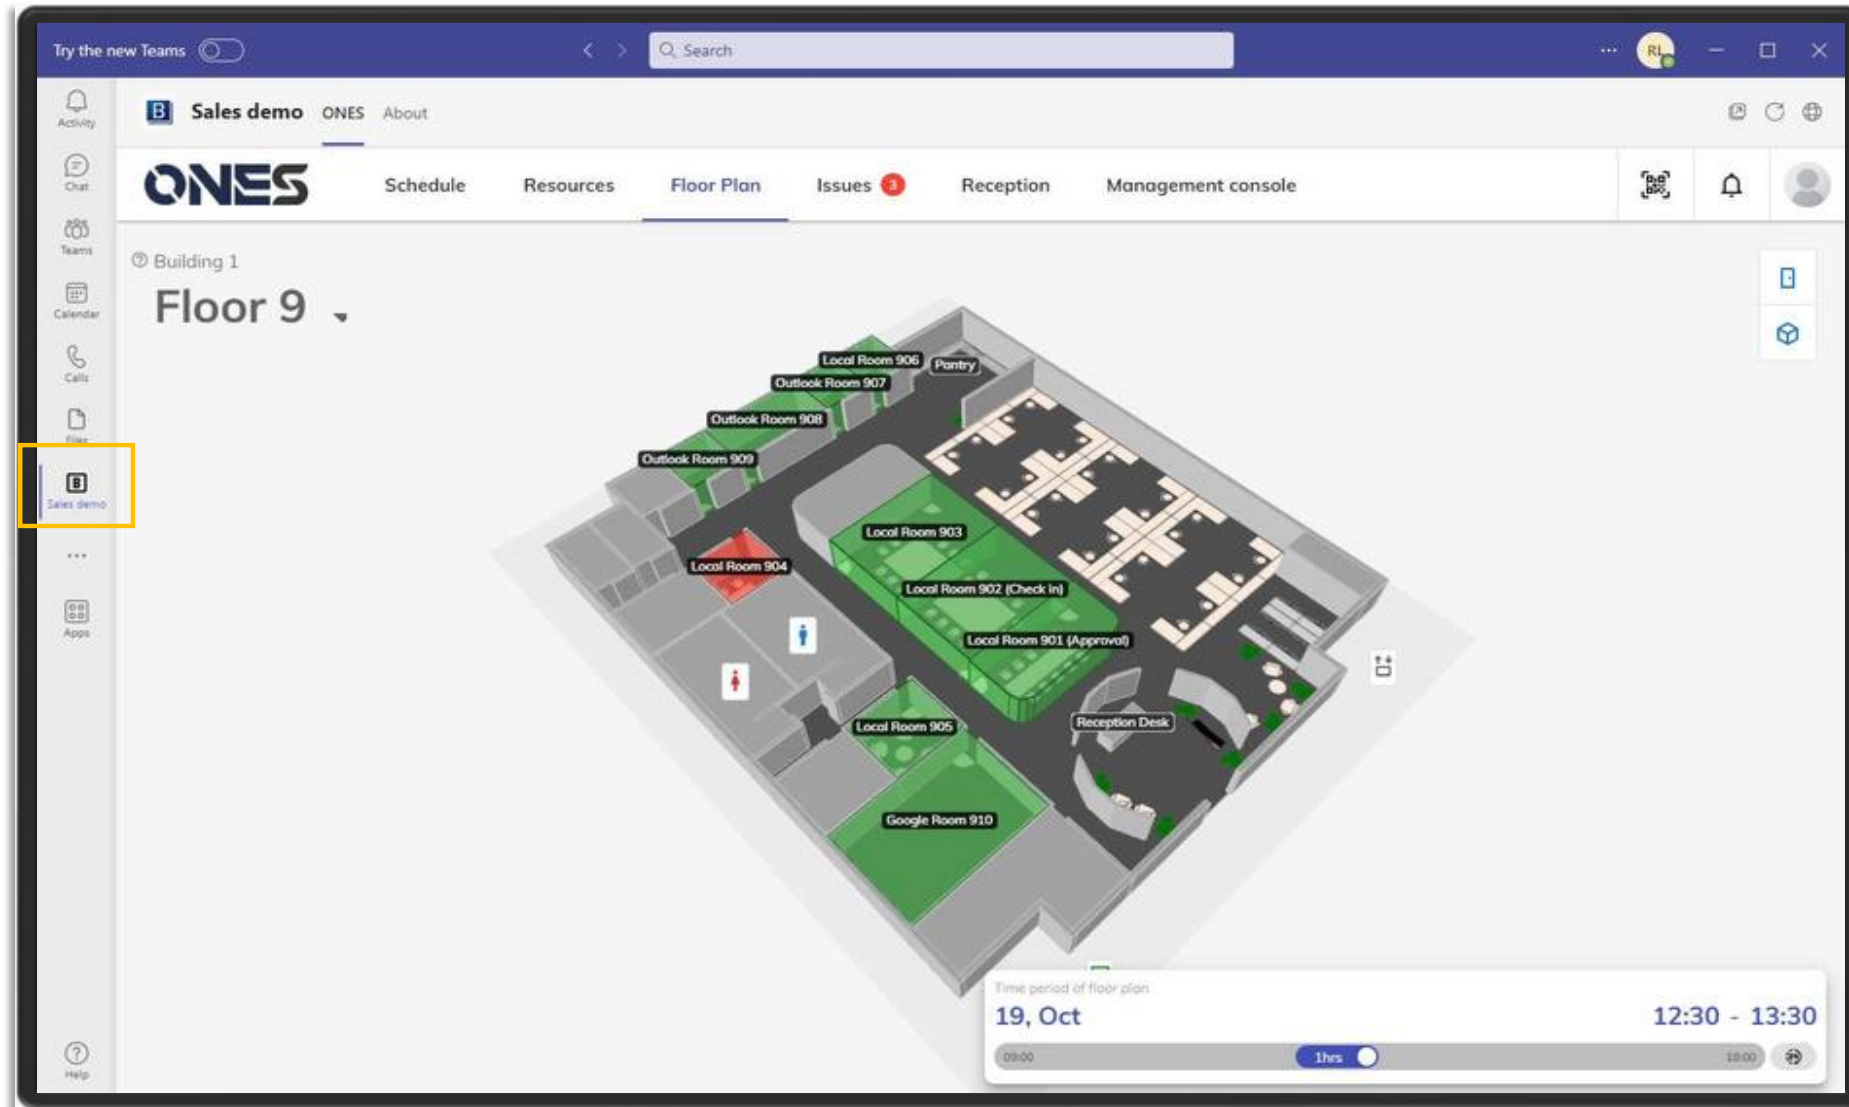

The screenshot displays the 'Management calendar' interface for 'ONEs Software Limited (Customer Company Name)'. The main calendar view shows a grid for the week of August 3rd (Thursday). The columns represent different equipment types: Laptop 01, Laptop 02, Laptop 03, Locker 01, Locker 02, Locker 03, TV Game Corner, Vehicle 02, iPad 01, and iPad 02. The rows represent time slots from 9:00 to 17:00. Several bookings are visible as blue blocks: '13:45 - 15:45 iPad 01, Laptop 01, Locker 02' (Laptop 01 column), '13:45 - 15:45 iPad 01, Laptop 01, Locker 02' (Locker 02 column), '13:00 - 14:00 TV Game Corner' (TV Game Corner column), and '15:45 - 15:45 iPad 01, Laptop 01, Locker 02' (iPad 01 column). On the left, there is a sidebar with a 'Book an equipment' button, a calendar navigation section for August, and a 'Show' filter section with checkboxes for 'Bookings', 'Service request', 'Technical Support Service', 'Testing Service', 'Out of service', and 'Holidays'. A 'Refresh' and 'Export' button are at the bottom of the sidebar. On the right, a 'Book a room' modal is open, showing a 'Wednesday, 15 Dec' date selector and a list of equipment items: 'Desktop Computer 01', 'Desktop Computer 02', 'iPad 01', and 'iPad 02'. The modal also includes fields for 'Title', 'Attendees', and 'Rooms'.

# Integration-Outlook Add-in
